In the “Le Tre Vaselle Resort”, a place in which everything refers to grapes and wine, it could not lack a space dedicated to relax and wellness. It could only be inspired by wine: **“BellaUve vinotherapy SPA”**. A wellness center different from the others, starting from its name, through its inspirational colors, to the particular architectural form, which recalls the bunch of grapes.

BellaUve Vinotherapy SPA invites you to a multisensory relax, and other than the special role which the wine and grape play, there are also treatments which include others excellent Umbrian products such as the extra virgin olive oil or, in some seasons, truffle and chocolate.
